Presence of Persistent Organic Pollutants (POPs)

DATE: FEBRUARY 2024

TO: WHOM IT MAY CONCERN

Per EU regulation (EU) 2019/1021, this is to certify to the best of our knowledge, the substances determined to be Persistent Organic Pollutants (POPs) per the EU regulation (EU) 2019/1021 are not used in the manufacturing of any of BUD products

This certification is based on information provided by Bud Industries vendors and knowledge of Bud Industries manufacturing processes.

A handwritten signature in black ink that reads 'Arie Maayan'.

Arie Maayan
Director of Engineering
